

Our 50th Wedding Anniversary – 08.15.2020

It really feels great reaching this milestone. We have been having a great run!

Well, the 2020 pandemic nixed our trip around the world, week at Martha's Vineyard, 5 nights on the coast of Maine or the massive day-long party "somewhere" as the date got closer. But our three kids came through with a neat plan – a Zoom gathering and did they ever. Jen, Dave, and Steve collected many memories, both live and written, from folks in our lives over the decades – even a video, from my mother's archives, of all five of us enjoying the beach in Canada. Jen braved the C-19 world driving to Keene bringing our two favorite cakes, champagne, a wonderful scrapbook with memories from friends and family of the years gone-by and photo artwork spanning our 50 years.
